BRAKING SYSTEM FOR BAKER STYLE SCAFFOLD

With Exclusive **EASY INSTALL™** SYSTEM

BAKER SCAFFLOCK™

The ScaffLock™ is an easy to activate braking system for safe use while standing at working height on a Baker Style Scaffold. The Easy Install system makes it simple and quick to install. The adjustable spring loaded locking system helps adapt to any floor surfaces and caster sizes. Large rubber feet provide stability on any floor surface. Sold as a pair, to install on both side ladder ends of a Baker Scaffold, it is compatible with most Baker Style scaffold brands sold on the market.
